What is that? Take a minute and we will show you.

OUTSTANDING FEATURES ABOUND. THE COMPELLING MATERIAL FOR THE KITCHEN.

As in cooking the recipe of a material is essential. HI-MACS® is a sophisticated composition of acrylic, natural minerals and pigments that come together to provide a smooth, non porous and visually seamless surface which meets the highest standards for all aspects that make a kitchen a great kitchen: aesthetics, functionality and hygiene. Thanks in large part to its flexibility, HI-MACS® offers manifold advantages over conventional materials like laminate, granite, steel or wood.
